

With the brand new D5 SMART sliding gate motor, we've engineered all the effort out of operating your gate, bringing you pushbutton convenience through industry-leading intelligence. With an incredible top speed of 600mm/sec, the D5 SMART is the fastest in its class, so there's never any time wasted waiting for your gate to open and close when you have this high-octane performer installed.

With longer battery backup, the D5 SMART gate motor gives you the certainty and peace of mind that you can always count on with uninterrupted security and convenience.

The D5 SMART gate motor also features the most innovative theft protection and vandal proofing on the market, thanks to a factory-made patented theft-deterrent cage and an integral vibration sensor that has the ability to notify you if the motor is being tampered with or someone is trying to break in. This is peace of mind at your entrance like you've never experienced it.

Designed for speed and performance, crafted for excellence, ruggedly robust and endlessly innovative, our new sliding gate motor is smart sophistication at the cutting edge.

Upgrade to the D5 SMART. It's the intelligent choice.

This kit includes:

- 1 x D5 Smart Motor (24V)
- 2 x Remotes
- 4 x 1m Gear Rack
- 1 x Low Voltage Transformer

Max gate weight (kg)	500
Max gate length (m)	10
Motor supply (V)	24V AC
Max Power Input (W)	13A
Speed (m/s)	0.6
Working Temperature (Min/Max)	-15 + 50
Protection level	IP55
Dimensions (mm)	325x244x445
Weight (kg)	9.1
