

4 Channel Avanti - TRANSMITTER

CODE TYPE

Smart button technology - each with pre-programmed buttons.

CHANNELS

4 available channels per programmed transmitter (all with smart button technology)

KIT CONTAINS

1 x transmitter
1 x 12 Volt Alkaline battery

DESCRIPTION

This four channel keyring transmitter is a light weight transmitter that is small enough to fit on your car keyring.

The four channels allow for use on multiple garage doors.

HOW TO

HOW TO PROGRAM INTO THE OPENER

1. Hinge open the courtesy light to expose the LEARN button.
2. Press the LEARN button and the LED will flash.
3. Press button 1 on the transmitter and the LED light (on the motor) will stop flashing.
4. Press button 1 on the transmitter again and the LED light (on the motor) will flash quickly. Programming is complete when the LED stops flashing.
5. Close the courtesy lamp cover.

SPECIFICATIONS

FREQUENCY

433MHz

HOW TO ERASE TRANSMITTER CODES

1. Hinge open the courtesy lamp to expose the LEARN button.
2. Press the LEARN button and the LED will flash.
3. Press and hold the black RUN button and the LED will flash quickly. Once the LED stops flashing, all codes will be deleted.
4. Close the courtesy lamp cover.

NOTE: This will erase all codes from the memory.
