#### HOW TO FIND THE LEARN BUTTON

##### On overhead door openers

*With 5 exposed terminal screws at rear:*

Remove the small black cover to the right of the screws. The red button under the black cover is the 'learn' button

*With 4 terminal screws at rear, possibly covered:*

Remove the lamp cover

Remove the red or green control panel cover

Find the small button marked 'learn'

*With 4 covered terminal screws at rear and a wall switch:*

The small button on the wall switch is the learn button.

##### On roller door openers

*With single small square red button on the front:*

Remove the lamp cover and remove the small black cover. 'learn' is the red button under the black cover.

*With large red or green push-switch on the front:*

Remove the red/green control panel cover

Find the small button marked 'learn'.

*With large red/green push switch on front and wall switch:*

The small button on the wall switch is the 'learn' button.
